## EDUCATION

Tibet World offered International languages courses to a wide variety of adult Tibetan refugees and local Indian. It is the most humble place for everyone to not only learn language but also Tibetan culture at large. The language classes provided by Tibet World are English, French, German and Chinese. This year we made the academic field more structured by organizing the

examination after every three months. Once they pass their test they will get a certificate. This year we accepted volunteers who could stay longer to take the regular language class. The short term volunteers were kept to take the conversation classes.

More than sixty students were able to take the examination and also they got their proficiency certificate in their chosen language. It's a blessing for us to see the bliss in the eyes of our student's which just ignites the motivation to do better for them.

We organized the volunteer meeting every other Wednesday in a week. We organized in total six student meetings and seven volunteer meetings in this year. At the end of those meetings we took their valuable feedbacks and implemented the solutions that we can provide.

## ❖ RENOVATION AT TIBET WORLD

The open-hearted help of our donors has turned our ideas into reality and moved us into the future. Tibet World received the funds to renovate our building from the Fundraising Coordinator. From that moment our project planning began in earnest. By the end of August, construction was under way!

Renovations were required for the broken stairway and floor tiling on our first flight of stairs and in front of all the first floor classrooms. The entire interior building was painted, making Tibet World an attractive and comfortable center for all our students, volunteers and tourists. These significant upgrades will all contribute to fulfilling our aim of financial self-sufficiency in the near future.

Three New aluminum and glass doors have now been installed at the balcony entrances on each floor. These are a great help in terms of keeping the building warmer in the winter! In addition all broken windows have been repaired. We paint all the class room, hostel room and the community hall. We thank all of you who have made these changes possible.

## ❖ WINTER PROGRAM FOR SCHOOL CHILDREN

6th January to 6th February Year 2016 A month long winter program is organized specially to improve language skill and to prepare students' new academic year. Additionally we hoped that by organizing such a program, we could aid the parents in keeping the child off the busy McLeod road and let them do some constructive class work for a month from their long winter vacation. Like last year's winter program, we prepared ourselves with four main subjects;

Tibetan, English, Science and mathematics. Unlike the first winter program, this time we got hundred and six students from class six to nine. Thus, we allotted them into class A, B, C, and D, with three classes each day from Monday to Friday. The orientation was on 5<sup>th</sup> of January and we had our program concluded on 6<sup>th</sup> of February. A day's class started from 9'0clock in the morning and ended at 12pm.

## THANK YOU NOTE

Dear Friend,

It is with considerable joy that I write to wish you and your loved ones a warm and joyful holiday season from myself and the Tibet World family.

During this past year, our beautiful planet, populated with so many precious lives, has endured many sufferings – from the Syrian refugee crisis, to the Nepalese earthquake, to acts of racial violence that have touched every corner of our world. Meanwhile, our earth's treasures – her rivers and mountains and valleys – continue to be exploited, and we, too, continue to hear their songs of lamentation in our hearts. At Tibet World, we continue to bear witness to these sufferings, and in response, we continually renew our commitment to developing inner peace, self-reliance, and co-creating a harmonious world, and we do so with both joy and conviction. We refuse to abandon hope, and believe in its healing and powerful strategies.

Since Tibet World's inauguration, these strategies of hope have transformed Tibet World from a one-room school to a thriving organization that includes classrooms, a performance and lecture hall, a café, a library, and quality accommodations for our volunteers and visitors. We remain committed to educating our global friends and partners about Tibet's unique cultural heritage and also inspiring others through the Tibetan values of peace and compassion. In our efforts to help Tibetan refugees in McLeod Ganj, India, our pledge to provide education to Tibetans has seen Tibet World providing language classes in English, Tibetan, French, German, and Chinese. To date we have offered educational courses to over one thousand five hundred students and arranged voluntary opportunities for over five hundred people.

We have also continued to develop our month-long educational winter program, designed to support Tibetan children and keep them off the streets during their extended winter break. This program includes offering courses in language skills, science, and mathematics. The popularity of this program has been extraordinary, and our enrollment numbers continue to soar! It is our privilege and joy to attempt to meet these needs in our community. Tibet World is growing up because of your contributions and your compassion in actions and hard work. Thank you very much for everything.

At this auspicious time of the holidays and as we approach the New year, we at Tibet World not only renew our vow to continue to uplift, help, and serve these individuals, but we celebrate the possibilities that will continue to bloom through our future efforts. We look forward to another year of developing our physical location and economic future on behalf of all Tibetans, and in the name of compassion for the entire world. During this holiday season we would like to say thank you for all your compassionate action and celebrating hope with us. Together, we can transform our wounds into places of profound wisdom that can benefit all Beings.

Sincerely  
Yeshe Lhundup
